30 YEARS OF INNOVATION. CREATIVITY. HARD WORK. PASSION. EXPERIENCE.

Thirty years. The celebration of three decades of accomplishment is a rare and remarkable milestone. We would like to thank the hundreds of current and past members of the Rosehaven Team who, through their dedication, hard work, and commitment to excellence, have helped to make Rosehaven the industry leader it is today.

It was the Summer of 1992 when Rosehaven was started. The vision was to create a homebuilding company that would be respected within our industry, and in-demand with customers who recognized the differences that a Rosehaven home delivered.

Thirty years later, with over 9,000 new homes and condominiums in our portfolio of accomplishment, and a long list of awards at municipal, provincial, federal and even world levels, the important things haven't changed. We're still focused on reaching higher, and consistently improving the new home experience for families who choose to call Rosehaven home.
