

The New Face of Oakville

The exterior façade of the Randall Residences is nearing completion with the intricate details of the Beaux Arts architecture and exterior enhancements underway. This boutique condo was inspired by the grandeur of No. 1 Palace Street, a new ultra-premium residence in London. Set in an 1861 historic building across from Buckingham Palace, the new development includes a section of the renowned Palace Hotel.

Over 70% sold, luxury suites at The Randall from 1,807 sq.ft. to over 2,928 sq.ft. are priced from \$2.2 million, far less than our London counterpart at over \$21 million. Book your private viewing appointment now.
