A HOME STARTS WITH FAMILY

Thirty years. The celebration of three decades of accomplishment is a rare and remarkable milestone. We would like to thank the hundreds of current and past members of the Rosehaven Team who, through their dedication, hard work, and commitment to excellence, have helped to make Rosehaven the industry leader it is today.

From day one, our vision has always been to build homes that make families feel proud, happy, and comfortable inside and out, creating that feeling of "I am home." Achieving this mandate meant building to a higher quality - with better architectural design, better materials and better workmanship. We have stayed true to that commitment in every home with the Rosehaven name.

It was the summer of 1992 when Rosehaven came into being. A family's vision was to create a homebuilding company that would be respected within our industry, and in-demand with customers who recognized the differences that a Rosehaven home delivered.

Thirty years later, with over 9,000 homes and condominiums in our portfolio of accomplishment, and a long list of awards at municipal, provincial, federal and even world levels, the important things have not changed. We are still focused on reaching higher, and consistently improving the new home experience for families who choose to call Rosehaven home.
